Welcome to OMG 3.0 design PDF!

This design PDF is very simple but neat (just as our website has told you). Also, it can protect your eyes (its background is protect eyes mode)!

1. Designing with Bootstrap

OMG 3.0 is designing with Bootstrap, the most popular HTML, CSS and JS Web Development Tool. The website: https://www.getbootstrap.com/,

The documentation: https://www.getbootstrap.com/docs/5.1/getting-started/introduction/.

2. How to design a web page

(1) Create a new HTML file

(2) Including Bootstrap Framework

(3) Design like this

```
<a class="btn btn-primary" href="#">Link</a>
```
